

Melt Collection
Wall Sconce

Channel old world glamour with this soft sculptural form resembling a gently unfurling flower.

When lit, Melt washes the surrounding walls with soft and subtle light, reflecting the unique artisanal materiality of mouthblown glass.

The organic fluidity of form makes it a quietly decorative piece with a sculptural elegance.

Lead time
8 - 10 weeks

Light source
12V, 2.6W LED (3000k)
Requires driver/transformer
installation
Dimmable upon request
