LIGHTING COLLECTIONS 2022

ABOUT ARTICOLO

Articolo is a design studio that celebrates the art of light through a commitment to artisanal craft and quality workmanship. With showrooms in Melbourne, Australia and New York City, the studio reflects creative director Nicci Green's passion for the textural spirit of light; producing works that are internationally regarded for a contemporary yet enduring aesthetic and the luxurious pairing of materials.

SHOWROOM, MELBOURNE, AUSTRALIA

NICCI GREEN

NICCI GREEN

An influential design force for more than 25 years, Nicci Green has specialised in artisanal craftsmanship since 2004.

Inspired by her singular vision to focus on and cultivate 'the art of light', the Articolo collection reflects Green's fascination with the shadow play of light and the inherent soul that is revealed within each individually mouth-blown piece. Nicci's vision is ever evolving, working alongside a global network of makers to craft pieces with true artisanal materiality, delivering designer lighting that's high end in its design language as well as its production and quality.

With a rapidly growing collection as well as bespoke commissions, Green's sophisticated and elegant designs are specified globally in leading luxury hotels, hospitality venues and high-end private residential projects.

INDOOR COLLECTION

A celebration of simplicity of form, materiality and an enduring, timeless aesthetic. Imbuing each design with soulful poeticism, we elevate lighting to an artform with a design philosophy characterised by subtly, proportion and a luxurious pairing of materials.

When lit, Articolo's sophisticated forms cast orchestral movement in an unparalleled play of light, harmonising with the surrounding interior whilst embodying both sculptural and functional purpose in what we call the 'art of light'.

BANDED

Banded sees Articolo marry its contemporary design philosophy with centuries-old Japanese artisanship. Each shade is produced by hand in Arita, Japan; a town famed for its porcelain and hand-painted finishes for over 200 years. These superb art forms feature a custom designed light source, tirelessly perfected for the ultimate luminescent glow.

FINI

Inspired by refractions of light dancing on the horizon, Fini is a handcrafted solid glass rod encased in linear brass form. Characterised by an uneven surface, Fini refracts light to create a dynamic luminescence that appears animated.

The satin frost glass is reminiscent of days when the clouds are low and any delineation between sky and horizon is blurred, while the clear glass finish evoking warm summer days and a mirage of light glistening on the horizon.

FINISHES – INDOOR

As a team, we collaborate with a close network of craftsmen and women whose skill and talent we deeply respect. Our love for the artisanal nature of materiality in its different forms from the nuances of mouth-blown glass to solid metals, ceramics, stone and leather, is reflected in the human element of generational artisans whose value cannot be replicated through mass production.

Together we uphold ideas, exploration, creativity and curiosity as a collective, with a unified vision that ensures each finished piece is testament to the many minds and hands that have interpreted Nicci's unique design language.

OCCHI

Occhi offers a bold contrast through its circular and linear forms, evoking a natural curiosity with its presence. Restrained by a cylindrical metal casing, a solid cast glass disc is defined by its raised striking linear strip detail, while its gently tumbled face offers subtly-nuanced light refraction.

SLIM

Slim reinterprets mid-century modernism in its architectural form and refined simplicity. The arresting restraint of its elongated arch of mouth blown glass houses the light source and is framed in hand finished metalwork.

OUTDOOR LIGHTING FINISHES

As a team, we collaborate with a close network of craftsmen and women whose skill and talent we deeply respect. Our love for the artisanal nature of materiality in its different forms from the nuances of mouth-blown glass to solid metals, ceramics, stone and leather, is reflected in the human element of generational artisans whose value cannot be replicated through mass production.

Together we uphold ideas, exploration, creativity and curiosity as a collective, with a unified vision that ensures each finished piece is testament to the many minds and hands that have interpreted Nicci's unique design language.
